Where do you plan to attend college?

Narrative instructions: Your narrative is your opportunity to detail your contribution to the seniors' living community where you volunteered. Share your experiences and discuss what you learned. The best narratives are as contemplative and self-effacing as they are informative and entertaining. We will accept all forms of narrative (video, song, collage, powerpoint, written), but encourage video applications. Video narratives should be at least 2 minutes and no longer than 5 minutes. Remember content is key!
